Overall, I like best: lunch all together, flexibility of Steve to answer questions, clear and complex language, Steve took me deep into the matter, helped to get things clear, he gave good solutions and advices, many examples to underline information, nice and friendly atmosphere, good adaption to personal needs

Overall, I like least: long lasting discussion about rationalist types, god and homeopathy , few times some students got lost in their own thoughts during discussion

What should be improved: role play with different MBTI types, course can be expanded to three days
